

Project Guide

Dream Piglets

Age: 8+ with adult assistance

Your dreams can come true with this trio of whimsical piglets! There's one for you—and enough for two friends, brothers, or sisters, too. Every time you drop in spare change to save for a new CD, yummy treat, or shopping trip with friends, you're reminded of why saving is worthwhile.

Decorate your three piglets to show what you're saving for—or dreaming about! These piglets with personality make great gifts or craft projects for best-friend sleepovers, too.

Components

- Project Guide
- 3 piglet banks
- 16 Crayola® Window Cling Paints
- 3 clear vinyl sheets
- 3 design templates
- 1 alphabet template
- 1 pack of cool gems
- 8 black felt circles

Other supplies to have on hand

- masking tape
- painting shirt
- paper towels
- toothpicks

Contents and color selections may vary from those seen in the photograph.

- Read the entire Project Guide before completing your project. Safety and stain information is located on the back cover of this guide.**
- Lay out all of the project pieces.
- If you prefer to create original designs, sketch your ideas on paper first.
- Ask all crafters to wear painting shirts.

TIPS FOR SUCCESS

- ★ "You can make several clings of the same design! Just move the design template to an open space on your vinyl sheet and outline your favorites again," *suggests Kierra, a teenage crafter.*
- ★ "To correct a mistake, wipe wet paint with a damp paper towel and start again, or you can begin a new design," *says Liz, a BYB designer.*
- ★ "Wipe the tip of your paint tube when you finish with each color," *adds Kierra.*

Stain Advisement

Crayola® Window Cling Paints are permanent when dry. They may stain clothing, and other household surfaces. Wear a painting shirt to protect clothing, and cover your work surface.

Cling Advisement

The cling paints' adhesion property may not last if they are removed from the piglets and re-attached or stored for an extended period of time.

Safety Information

Conforms to ASTM D-4236. All art materials are non-toxic.

Cling paints & vinyl sheets made in Korea.
All other components made in China.

3 Go!

After you've reviewed the decorating techniques in this guide, you're ready to decide what your three piglets will look like.

You can decorate them like we did by following the step-by-step directions and using the pictures as a guide. Or you can create your own designs with the cling paints. Decorate these banks any way you wish.

Either way you choose, **plan ahead** so you have enough supplies to complete all three piglets! And **be sure to follow the checklist in the Finish section.**

Dream Piglets

Figure 1

STEP 1: Outline Designs

- Tape a clear vinyl sheet on top of a design template (or your own designs). Tape them to your craft surface.
- Outline your choices of designs with the BLACK cling paint. Draw thick, continuous lines. (See Figure 1.)
- Make as many designs as you wish. When it gets difficult to squeeze out paint, start another tube. Fill your sheets with designs. (See Figure 2.)
- Air-dry the outlines for 2 hours.

Figure 2

Figure 3

STEP 2: Fill in the Outlines

- Fill in your outlines with cling paint. (See Figure 3.) Fill each area with one color or try these special effects with more colors.

Swirls: Blend the line where two colors meet with a toothpick or the tip of your paint tube. Pull one color into the other to create swirls. (See Figure 4.)

Stripes: Paint stripes of one color, leaving blank stripes between. Air-dry 2 hours. Fill in the blank stripes with another color.

Dots: Fill an area with paint. Air-dry 2 hours. Using a contrasting color of paint, add dots.

- To add gems, air-dry the paint 2 hours. Add a drop of the same color of paint and press a gem into the paint.
- Air-dry your clings overnight.

Figure 4

Complete your Dream Pig by following these steps.

- Carefully peel your clings from the vinyl sheets.
- Arrange the clings on your piglets. Smooth them on with your fingers. (See Figure 5.)
- Remove the paper backing from the black felt circles and press them onto the bottoms of the standing piglets' feet.
- Start saving for your dreams!
